Mr. W. H. Ryder left this morning for French Springs, where he will spend several weeks for the benefit of his health.

Some of the Mason county farmers say that the tobacco crop has been damaged from 5 to 10% in consequence of the heavy and numerous rains.

Say! Haven't you seen a silk umbrella with initials "P. G. S." on silver name-plate fastened to end of handle? Won't you tell Dr. Smoot where it is? Think about it.

Just received, a new line of Neck Chains, Crosses, Lockets, Blouse Sets, New Style Bracelets, Side and Back Combs, New Hat Pins, Set Rings, Cuffbuttons, Brooches, Fobs for Ladies and Gentlemen. P. J. MURPHY, the Jeweler.

Now that the extreme hot weather has set in there is an exodus of our citizens leaving for the cooling and inviting shades of the country and summer resorts. Ruggles Campmeeting will begin shortly, and nowhere can be found more inviting place to spend two weeks. Already tenters are beginning to occupy their quarters.

BLOODY SCRAP

Boone and Fitch Beckett Had a Live-ly Mixup Last Evening

There was a bloody and disgraceful affair in East End shortly after 6 o'clock last evening, in which Boone and Fitch Beckett were participants, and in which a hatchet and a pair of knucks played prominent parts and blood flowed freely.

Both of the belligerents were more or less hurt, Fitch Beckett being the worse of the two; he had three or four bad cuts in the head that required the attention of a physician.

There are various tales in regard to the drunken brawl and the tangled skein will be unraveled in the Police Court this afternoon.

Boone went to jail in default and Fitch gave bond in the sum of \$100 for his appearance.

NEEDING REPAIRS

West Third Street Condemned By Incoming Ruralites

At the last meeting of the City Council a petition, numerously signed by residents of West Third street, was read in regard to the condition of the street from Grave alley on down and across to the Lexington pike.

The Chairman of the Internal Improvement Committee refuted the statement as to the condition of the roadbed. He informed Council that the streets were all right and well looked after and were in good shape.

The statement was made this morning by a business man in that part of the city to the effect that the thoroughfare is in bad shape, and especially that part leading from Third street to the Lexington pike.

He said the farmers were complaining loudly about the holes and ruts in the streets.

BEN HUR.

The Pittsburgh Commercial Gazette.

"One of the most interesting entertainments given this winter occurred last night, January 22d, when the story of "Ben Hur" was presented to a large audience. This celebrated story of a Prince of Israel, as written by General Lew Wallace, has been arranged for an evening's recitation, and is illustrated with more than 150 finely designed views which follow one after the other with no break, so that the picture story of Ben Hur is told with real fidelity, and so enhanced by the recitation that the whole life of the opening years of the Christian era is placed before the audience. The entertainment is as instructive as it is interesting, and is unique among entertainments of the present day."

Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine-tenths out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

WHY?

Why are the good cooks getting so scarce in Maysville?

Because so many of them have gone and are going every day or so to Cincinnati, Dayton, Washington, C. H. and other Ohio towns.

Why do these good cooks leave Maysville to go to Cincinnati and other towns mentioned?

Because they get more money for less HARD work.

How is it that one woman can do all the cooking and house work, and even laundering, when a man does the same and yet be said to do HARD work than she would do just cooking alone in Maysville?

Because cooking with Gas removes all the burden of kitchen labor, saves half the time, and leaves the cook fresh and able to do the other lighter housework, and even the laundering when Gas is used for that purpose also.

Because cooking with Gas removes all the burden of kitchen labor, saves half the time, and leaves the cook fresh and able to do the other lighter housework, and even the laundering when Gas is used for that purpose also.

What would you do if you were the cook?

Go away like the rest of them. It is a practical proposition. If you want to keep your cook put yourself on an equal footing with your neighbors across the river.

Editorial Correspondence.

MARTINSVILLE, IND., July 11th, 1905.

In my first letter I spoke of the apparently abundant harvests in evidence on either hand in the railway ride through Ohio and Indiana; and a gentleman at my elbow confirms my estimate as to this locality, where the wheat is of fine grade with a yield of from 35 to 38 bushels to the acre.

Farms are so plentiful here and of such high quality that even newspaper men have them; for Editor SINGLETON of The Daily Reporter has invited me to drive out with him to his country seat, five miles away, and I'm momentarily expecting him to roll up in his automobile and take me aboard. So there are other lands than dear old Kentucky where hospitality awaits the stranger—if he only behaves himself.

I took a stroll t'other day through a mile or two of the broad avenues of this old town, with its brick streets, concrete sidewalks, artistic homes, well kept lawns and generous shade-trees—a veritable park. And I think that even the Wise Men of Maysville could get a pointer about streets and sidewalks if they'd come to Martinsville. But I despair. It's not "pointers" they want, nor do they seem to want work that is done right—it would last too long, and they'd be out of a job too soon. For them the old way is the best. They do the same work over and over, year after year,

and the taxpayers foot the bills. How much longer the folly is to continue the Lord only knows.

There are a number of Kentuckians here, Paris, Paducah, Lexington and Louisville being represented; but if friends KEHOE and DULEY will build that traction line from Maysville to Paris via Bluelick Springs, that once-famous resort may be revived. If it should be, I wouldn't swap it for anything short of Saratoga or the Boardwalk at Atlantic City.

But the band is beginning to play, and we eat fried chicken by note.

Thomas A. Day

In five years from now, the greatest Kentucky curiosity will be the man who will acknowledge he was a Goebel.

It was very considerate on the part of the Goebel fanatics to allow Judge COCHRAN to transfer CALEB POWERS from Georgetown to Newport.

It will be interesting to hear the Reverend WASHINGTON GLADDEN's opinion of the ten million "tainted" dollars that JOHN D. ROCKEFELLER has just given for "higher education."

SOME of the Goebel lawyers have another guess coming. They said there was no Federal question in the Powers case. They now say the Supreme Court will overrule Judge COCHRAN. If it doesn't, they'll have still another guess coming. As a fact, however, they've been guessing all along.

THAT the Democrats of Ohio are after votes, and votes only, was well illustrated at the late State Convention. They nominated for Governor Mr. PATTISON, a strong temperance man, to catch the temperance vote; and then they nominated for Treasurer Mr. MASON, a brewer, for the purpose of catching the liquor vote. With them, principles may be all right, but votes are much better.

JUDGE COCHRAN'S DECISION

Comment of the Eastern Press Generally Upholds Late Opinion

A special from Washington City says the action of Federal Judge A. M. J. Cochran in taking jurisdiction of the case of Caleb Powers has created much comment there. The officials of the Department of Justice are particularly interested and there Judge Cochran's decision has been dissected and debated over and over. The officials at the office of the Clerk of the Supreme Court also find the decision a subject of entertaining speculation.

The decision naturally attracts comment, because it is new and unique. As far as the officials of the office of Supreme Court Clerk can recall there has never been a similar case, at least none ever has reached the Supreme Court.

The comment of the Eastern press generally upholds Judge Cochran. The Washington Times fairly reflects the sentiment in the East when it says editorially:

"Anger at the delay of the Courts, and indignation at the escape of many criminals from punishment abundantly earned is arousing the United States to an extreme watchfulness of its criminal Courts. Caleb Powers, if guilty, must be made to suffer for his crime as inexorably as any other criminal. But if he is innocent, it is more important that he should be set free and the state make such restitution to him for the torture of these past five years as lies in its power than that 100 other men, all guilty, should be brought to justice. No Nation is ever so powerful that it can disregard the right of its meanest citizen to justice."

The Belgian Parliament has passed a bill ordering seats to be placed at the disposal of shop girls when they are disengaged during business hours.

Five French submarines have succeeded in cruising for several hours in Toulon Harbor, without once being detected by the torpedo boats ordered to watch for them.

A Montreal couple, Pierre Forget and his wife, have just celebrated the seventy-sixth anniversary of their marriage. Mr. Forget is 100 years and six months old, while his wife is 96 and both are in good health. One of their thirteen children will herself celebrate her golden wedding three years hence, though she is only 61 now.

"I happened to think of Chamberlain's Colic, Cholera and Diarrhoea Remedy and got a bottle of it from the store. In five hours I saw a change for the better. We kept on giving it and before she had taken the half of one small bottle she was well." This remedy is for sale by Druggists.

REV. C. W. CHADWICK

The New Pastor of the First Baptist Church, This City

The Baptist Argus of a recent date had the following of the Rev. C. W. Chadwick, the new Pastor of the First Baptist Church, this city—

Dr. Chadwick is a native of Texas. He graduated from the Seminary in 1894 with Th. M., and last month received his Th. D. from that institution. He was Pastor for five and a half years in Bedford, Ind., where a new Church building and parsonage were erected and membership largely increased. His last pastorate was Honey Grove, Texas, where a parsonage was built, and there were tokens of blessing on the spiritual work also.

Dr. Chadwick married a Kentucky girl. The readers of the Argus probably know him best as the writer of our B. Y. P. U. notes, in which capacity he will continue to serve us. He enters upon his work at Maysville at once.

We are glad to keep him in Kentucky.

FATAL ACCIDENT

A Native of Mason County Killed at His Home in Iowa

Mr. Theodore Hotze met with an accident recently at his home near Carson, Iowa, which resulted in his death on July 3d.

While engaged a few days previous in putting some hay in his barn by means of the usual hay fork and ropes, he accidentally overturned a heavy ladder, which, in its fall, struck him on the head and shoulders, rendering him entirely helpless, with his lower limbs and body completely paralyzed.

Mr. Hotze was born in this city May 22d, 1852, and was the son of the late Frederick Hotze, well remembered by many of the county's older citizens.

One of his surviving sisters is Mrs. John Otto of Springdale. He leaves a wife, nee Miss Sarah Fenn, and four sons.

The Lloyd Garrett Co. of Philadelphia will furnish and install the combination electric light fixtures in the handsome Government Building in this city. The work will be completed by the 6th of September, and the cost price will be about \$350.

A SHORT WILL

A Former Maysville Lady Holds the Record For Brevity

"John: This is yours when I am gone, Lizzie."

This is the contents of the shortest will that has ever been probated in the office of the Kenton County Clerk.

The will is written in a nervous hand on the back of a deed, showing that certain property situated in Covington had been transferred to the deceased in 1897.

The will is that of Elizabeth M. Gurney and the transfer record was made by Charles H. White.

"John" is the husband of the willmaker.

All the parties mentioned above were former well known residents of this city.

MODEL HOME

New Residence of Mr. S. A. Shanklin Near Helena Station

Our practical husbandmen of the fields are not a whit behind the town people when it comes to modern convenient homes.

A late proof of these remarks is that sagacious agriculturist, Mr. S. A. Shanklin, whose splendidly cultivated estate lies about two miles from Helena Station.

He is erecting a model up-to-date home, one of the best in the county, now well under way and well on to completion.

Sanitary plumbing and hot water system of heating will be strong features of this inviting home. This contract, calling for an expenditure of about \$1,000, has been awarded to Mr. George H. Traxel, the Maysville plumber, and will be one of the most complete residence jobs ever performed hereabouts.

BEECHWOOD PARK.

Generally, when anything for the amusement or convenience of Maysvillians is put in operation it is not far off admission. There has been provided a beautiful dancing pavilion and orchestra for those who desire to dance; and if you don't care to dance you can listen to the music; there is the merry-go-round and a number of comfortable swings for the little folks, so that everybody's particular amusement can be found on the grounds.

There will be Park talk in this space every day, and if you want to know what is doing there you will find it right here.

Tonight there will be dancing in the pavilion. The streets will run until the Park closes. Go out and help make it a success.

Dr. Edwin Matthews has moved his dental office from his residence and is now occupying convenient and handsome quarters in the Telephone Exchange Building in Second street.

The "yellow streak" in soap—as in people—proves lack of character. The yellower a soap the more rosin it contains—and the less cleaning power. EASY TASK is all soap—pure—white—durable. It will do twice the work of the yellow kind with less labor. 5¢ at all grocers'.

The S. S. Brown is to be a big steel hull passenger and freight steamer, 225 feet long, with a 44-foot beam and is to be equipped with modern compound machinery. Work has just started on it and it will require almost a year to construct it.

The average man does not save to exceed 10% of his earnings. He must spend \$1 in living expenses for every dollar saved. That being the case he cannot be too careful about unnecessary expenses. Very often a few cents properly invested, like buying seeds for his garden, will save several dollars outlay later on. It is the same in buying Chamberlain's Colic, Cholera and Diarrhea Remedy. It costs but a few cents, and a bottle of it in the house often saves a doctor's bill of several dollars. For sale by all Druggists.

Miss Maggie Carpenter has returned home from a visit to relatives at Muncie, Ind. She was accompanied home by her sister-in-law and little nephew, Mrs. Myrtle Martin Carpenter and Archie C., who will visit relatives here for a while.

The Old Settlers Reunion at Ruggles Tuesday was not so largely attended as has been the few previous years, neither was the program so interesting. But we must speak in highest praises of those who did speak, for the speeches were eloquent, but we had reference to the program not being so long as was its wont. We think that since they have been charging at the gates that we might have the pleasure of having a brass band or a balloon ascension or something of great attraction to outsiders, instead of just the pleasure of seeing old acquaintances. By so doing we might cause more interest to be taken in celebrating our Independence birthdays.

Mr. C. C. Dogman was quite ill the past week, being unable to attend the Old Settlers Reunion at Ruggles Campground the Fourth. Mr. Dogman is Secretary of this Association and this is the first Reunion he has been unable to attend since its organization.

As Mr. Perry Henderson of Poplar Flat was driving a wagon loaded with three hogsheads of tobacco here for shipment Monday, the spindle of one of the wheels broke, letting it down. Much trouble was experienced transferring the load to another wagon.

Mrs. John Otto certainly has the sympathy of her many friends in the sad troubles that are besetting her family. She received a dispatch announcing the accidental killing of her brother, Theodore Hotze, at his home in Iowa July 4th. No particulars as to cause of accident yet received.

The Fourth of July celebration and Old Settlers Reunion at Ruggles was, as usual, a most enjoyable affair, with its patriotic orations, songs, recitations, &c. One regret, however, voiced on many lips, was the absence of two men whose names were on the bills, Editor Thomas A. Davis as speaker and Secretary Dogman.

Justice in Oregon is swift, judging by the case of J. H. McBane, who so cruelly murdered the Trost brothers while they were peacefully preparing their breakfast, mention of which was made in these items recently. In less than forty-five days from the tragedy McBane was tried, sentenced and put to work at hard labor for life in the Pen. Ten of the Jury were in for hanging him. Theodore and Charles Trost were nephews of Mrs. John Otto and had gone to Oregon from Pendleton county a few years ago.

The Rev. T. DeWitt Talmage says—
"A newspaper whose columns over-
flow with the advertisements of busi-
ness men has more influence in a
given community than any other agency
that can be employed. People go where
they are told to go. Capital cities
will locate where there is an enterprising
community. No power on earth is so
strong to build up a town as newspaper
men well patronized, and this power
should be appreciated."
